Abstract

Welcome to Pakistan Single Window Module for, AQD Export Certificate User Manual!

This Pakistan Single Window (PSW) user manual for traders and customs agents, is your step-by-step guide on how to obtain Export Certificate (Health Certificate) from the Animal Quarantine Department (AQD) through the PSW portal. This user manual provides background of the PSW system while describing its key features. It also outlines some responsibilities and obligations of the PSW users while using the PSW portal.

1. Introduction

Pakistan Single Window (PSW) is an electronic portal that allows parties involved in cross border trade and transport to lodge standardized information and documents using a single-entry point to fulfil all import, export, and transit related regulatory requirements. The information is transmitted electronically and individual data elements for clearance and regulatory approvals need only to be submitted once. Use of the PSW portal is allowed to authorized users who have completed the subscription process. Once subscribed and registered with PSW, you can access the PSW to perform cross border trade and transit related activities including online payment of taxes and OGA fees.

Currently, most OGAs dealing in cross border trade are performing their related functions manually. Even the OGAs using electronic means lack integration with the customs clearance system. All the internal users correspond through emails, phone calls and messages which causes delay in the operational processes and approvals.

The PSW aims to simplify your cross-border trade and transport experience. This new platform will facilitate the trader/customs agent with online applications for Export Certificate by the AQD. The application for the same shall be received and processed through the PSW portal. Similarly, sharing of messages and documents required for processing of regulatory approval requests shall be enabled by the PSW.

This new platform will also automate document calling, inspection calling, approval/rejection of Export Certificate and Release Order requests. The Export Certificate request will be generated by the system at the time of submission of export Single Declaration (SD). Whereas the Release Order request will be automatically generated upon filing an Imports Single Declaration. With the PSW system going live, there will be no AQD office visits and manual submission of applications for the issuance of regulatory approvals. The processing of application will be done online, where you can have a clear visibility of the action being performed on the same. For example, if, during the processing of application for the Export Certificate/Release Order, the AQD officer requests for the fumigation of a consignment, then a notification will be generated automatically by the PSW system which will appear in the trader dashboard.

With the help of this platform, the communication between you and AQD officer will be visible robust and transparent. For more to know about PSW please visit our website www.psw.gov.pk

2. Background

As a signatory to the WTO's Trade Facilitation Agreement (2015), Pakistan has notified the establishment of a 'National Single Window' (NSW) as a 'Category C' commitment with effect from 22nd February 2017. To implement NSW the Government of Pakistan has promulgated the Pakistan Single Window Act, 2021 while declaring Pakistan Customs as the Lead Agency. Pakistan Customs has established a dedicated PSW Company (PSWC), as a not-for-profit Company under Companies Act, 2017, to implement the PSW program. The PSWC has been designated as the Operating Entity under the PSW Act for developing and maintaining the PSW portal in collaboration with seventy-seven different public sector entities involved in regulation of cross border trade in Pakistan. The PSWC will digitize the processes of public sector entities, related to regulation of international trade. This will not only reduce the time and costs but also increase compliance and immensely benefit economic operators like importers, exporters, freight forwarders, clearing agents, shipping companies, transporters etc. The implementation of PSW program will also enhance government controls and transparency. By creating a national electronic trade and logistics platform the PSW will help Pakistan integrate better into the regional and global single window systems. It will facilitate integration into global value chains and enable Pakistan to become a hub for regional and international transit and trade.

3. Salient Features of AQD LPCO Module

- i. A complete solution for online filling and processing of applications.
- ii. It caters to all the needs of AQD related to processing of Export Certificate(s) and Release Orders.
- iii. A complete and comprehensive log of the activities on the trader's online request for Export Certificate and Release Orders will be visible to the trader/custom agent in the system.
- iv. Dynamic User Management System provided to the AQD will ensure proper performance monitoring against agreed performance benchmarks and key performance indicators.
- v. Communication between the officer and trader/custom agent will be done through the PSW system.
- vi. Facilitates compliance of trade regulations through the system relying on HS code/Product Code based description and purpose of import selection.
- vii. Allows efficient clearance of consignments from the port through automation of the processing of LPCO.
- viii. Digital transactions through online payments of LPCO fees thus saving time and costs and promotion of digital transactions.
- ix. Clarity and precision in determining LPCO requirements on items being imported or exported through the ITMS based product codes.

3.1. Pre-requisites for availing AQD PSW LPCO Services:

- i. The trader/custom agent must register in PSW.
- ii. The trader/custom agent must have a valid bank account and bank profile registered with the Authorized Dealer.

3.2. System Requirements:

- i. To use PSW Portal on Windows[®], the subscriber will require:
 - a. Google Chrome Browser.
 - b. Windows 7, Windows 8, Windows 8.1, Windows 10 or later
 - c. An Intel Pentium 4 processor or later that's SSE3 capable
 - ii. To use PSW Portal on Mac[®], the subscriber will need:
 - d. Google Chrome Browser
 - e. OS X El Capitan 10.11 or later

4. Step by Step Process

4.1. User Login

i. Please visit "www.psw.gov.pk" and click on the 'Login' option.

Figure 1

ii. After clicking on the login button, you will be redirected to the login interface. Here, you will be required to enter your login credentials.

5.4.2. Notification for Amendment Approval/Rejection of Export Certificate

Single Declaration Amendment

After submitting the single declaration, you will have the provision to amend the declaration before consignment is in 'gate-in' state. As you have requested for the declaration amendment, a PSID will be generated against which amendment fees will be required. Before paying the amendment fees you can view the amendment request.
