1. Introduction

Pakistan Single Window (PSW) is an electronic portal that allows parties involved in cross border trade and transport to lodge standardized information and documents using a single-entry point to fulfill all import, export, and transit related regulatory requirements. The information is transmitted electronically and individual data elements for clearance and regulatory approvals need only to be submitted once. Use of the PSW portal is allowed to authorized users who have completed the subscription process. Once subscribed and registered with PSW, you can access the PSW to perform cross border trade and transit related activities including online payment of taxes and Other Government Agencies (OGA) fees.

Currently, most OGAs dealing in cross border trade are performing their related functions manually. Even the OGAs using electronic means lack integration with the customs clearance system. All the internal users correspond through emails, phone calls, and messages, which causes a delay in the operational processes and approvals.

The PSW aims to simplify your cross-border trade and transport experience. This new platform will facilitate the exporters/TDAP officer with online applications for issuance of Electronic Certificate of Origin. The application for the same shall be received and processed through the PSW portal. Similarly, sharing of messages and documents required for processing regulatory approval requests shall be enabled by the PSW.

With the PSW system going live, there will be no TDAP office visits and manual submission of applications for the approval of E-CO request. The processing of the application will be done online, where you can have clear visibility of the action being performed on the same. Moreover, communication between you and the TDAP officer will be visible, robust, and transparent. For more to know about PSW please visit our website www.psw.gov.pk.

2. Background

Background As a signatory to the WTO's Trade Facilitation Agreement (2015), Pakistan has notified the establishment of a 'National Single Window' (NSW) as a 'Category C' commitment with effect from 22nd February 2017. To implement NSW the Government of Pakistan has promulgated the Pakistan Single Window Act, 2021 while declaring Pakistan Customs as the Lead Agency. Pakistan Customs has established a dedicated PSW Company (PSWC), as a not-for-profit Company under the Companies Act, 2017, to implement the PSW program. The PSWC has been designated as the Operating Entity under the PSW Act for developing and maintaining the PSW portal in collaboration with 77 different public sector entities involved in the regulation of cross border trade in Pakistan. The PSWC will digitize the processes of public sector entities, related to the regulation of international trade. This will not only reduce the time and costs but also increase compliance and immensely benefit economic operators like importers, exporters, freight forwarders, clearing agents, shipping companies, transporters, etc. The implementation of the PSW program will also enhance government controls and transparency. By creating a national electronic trade and logistics platform the PSW will help Pakistan integrate better into the regional and global single window systems. It will facilitate integration into global value chains and enable Pakistan to become a hub for regional and international transit and trade.

3. Salient Features of TDAP E-CO Module

- A complete solution covering online application, processing and issuance of Certificate of Origin.
- No visits to TDAP office. End-to-end digitalization of the process.
- Wet seals and stamps replaced with digital signatures and QR code for ease of verification of authenticity
- Allows filing requests for Certificate of Origin against multiple GDs/SDs.
- Communication between the officers and traders/custom agents will be done through the PSW system.
- Facilitate exporters to the world markets in availing tariff concessions by reducing cost and time using automated system.
- Electronic application and processing help save time and costs.

4. System Requirements

- To use PSW Portal on Windows®, the subscriber will require:
 - a. Google Chrome Browser,
 - b. Windows 7, Windows 8, Windows 8.1, Windows 10 or later
 - c. An Intel Pentium 4 processor or later that's SSE3 capable.
- To use PSW Portal on Mac®, the subscriber will need:
 - d. Google Chrome Browser
 - e. OS X El Capitan 10.11 or later.

5. Step by Step Business Process

5.1 User Login

- i. Please visit "www.psw.gov.pk" and click on the 'Login' button.

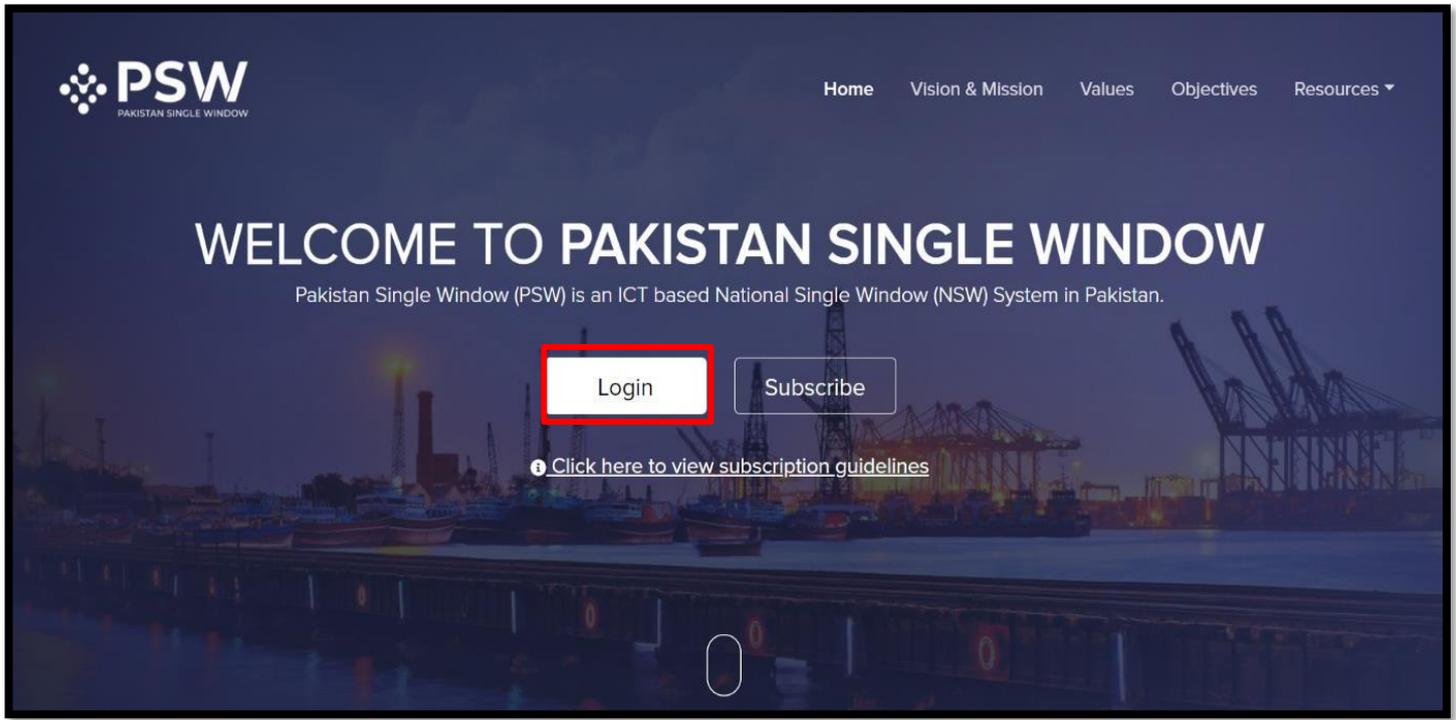

Figure 1

- ii. After clicking on the login button, User will be redirected to the login interface. Here, you will be required to enter login credentials.

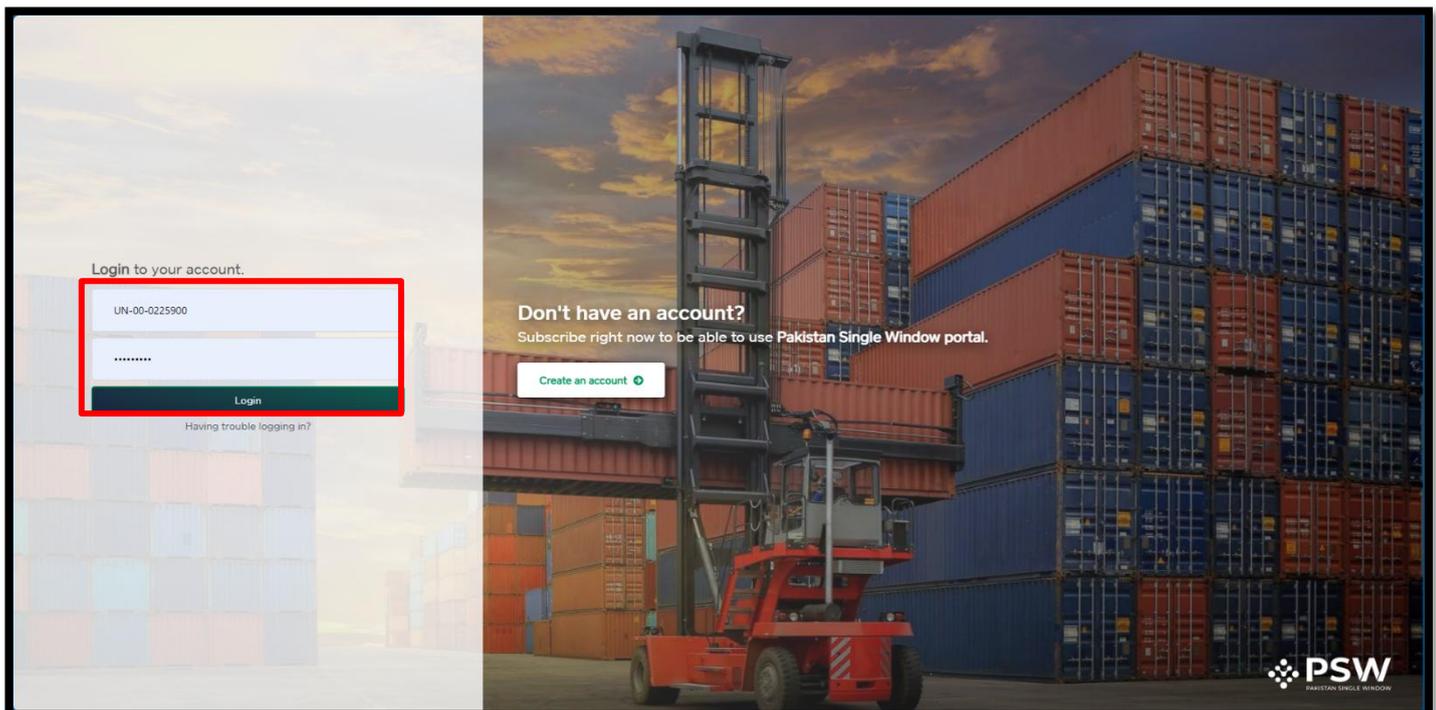

Figure 2

5.2 Electronic Certificate of Origin

- i. At the Dashboard, click the box “LPCO” (i.e., Licenses, Permits, Certificates, Others).

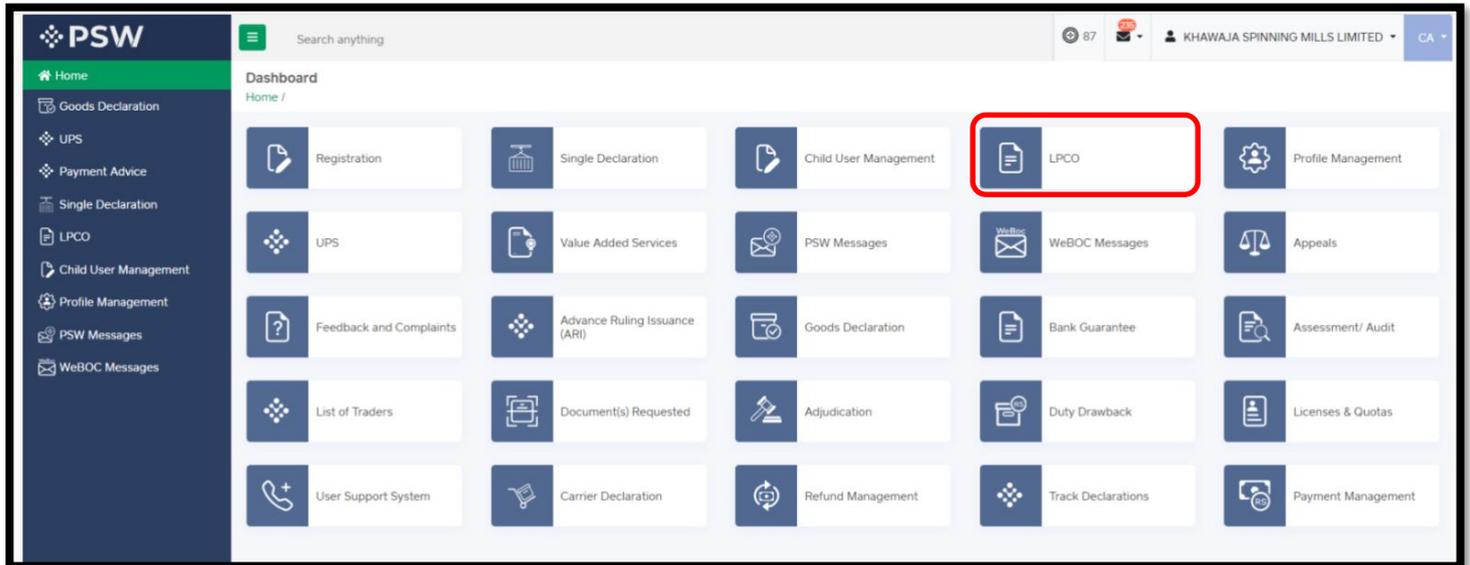

Figure 3

- ii. On the LPCO screen, click “Electronic Certificate of Origin”.

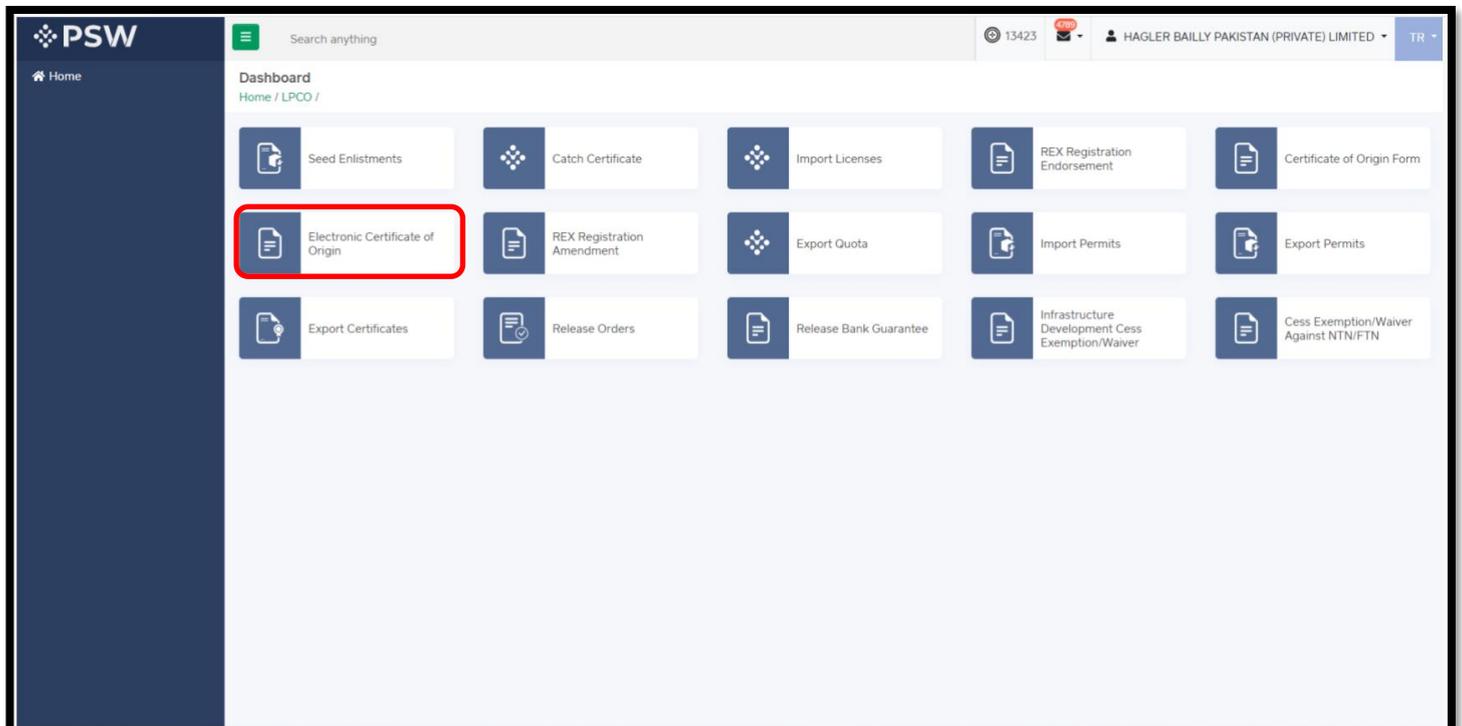

Figure 4

5.3 Create New Request

- i. At the “Electronic Certificate of Origin” screen, click “Create New Request” to apply for a new E-CO. This will take you to the “Create Electronic Certificate” screen.

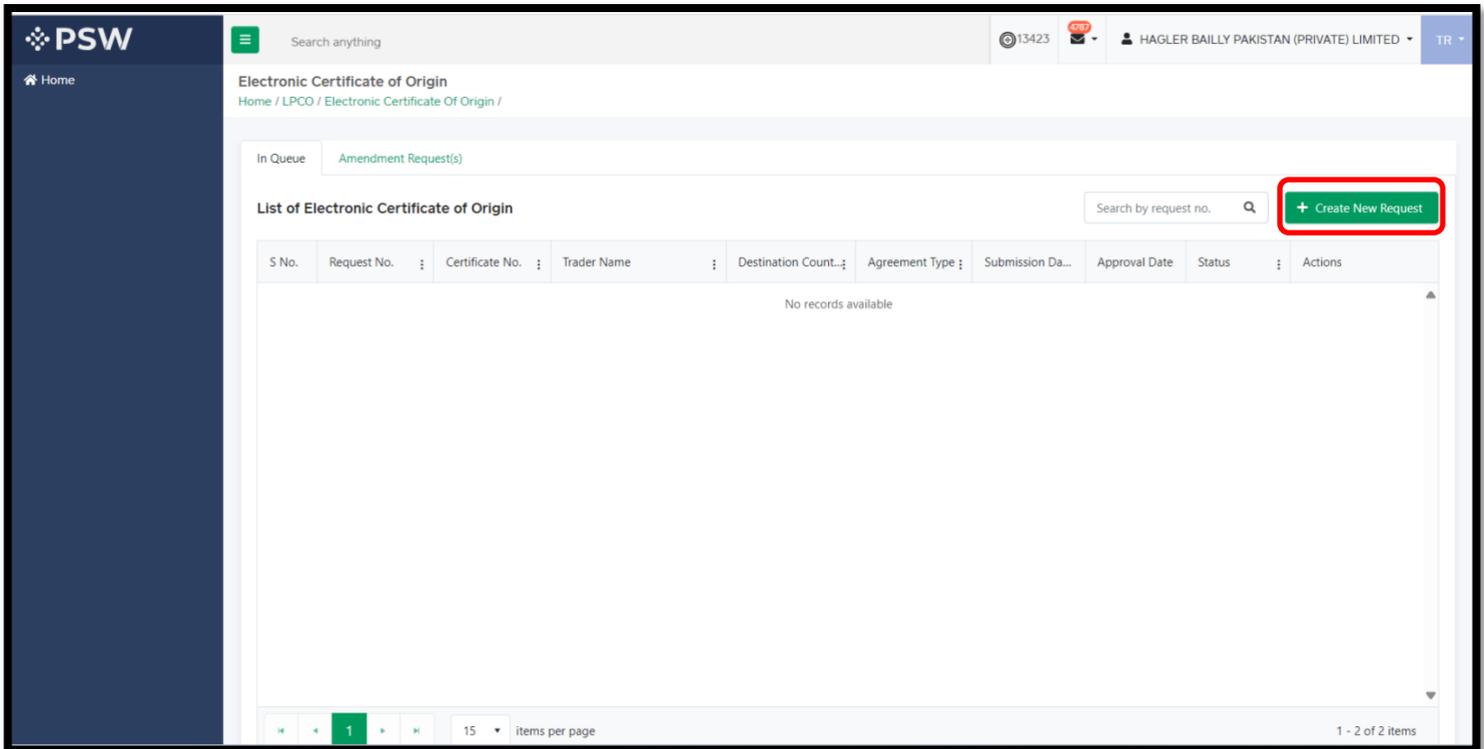

Figure 5

- ii. Upon clicking the 'Create New Request', a list of all Preferential Trade Agreements (PTAs) will be displayed. Please select your preferred trade agreement. For example, the China-Pakistan Free Trade Agreement is selected in below screen. Upon clicking, the system shall generate Pak-China FTA Certificate of Origin request.

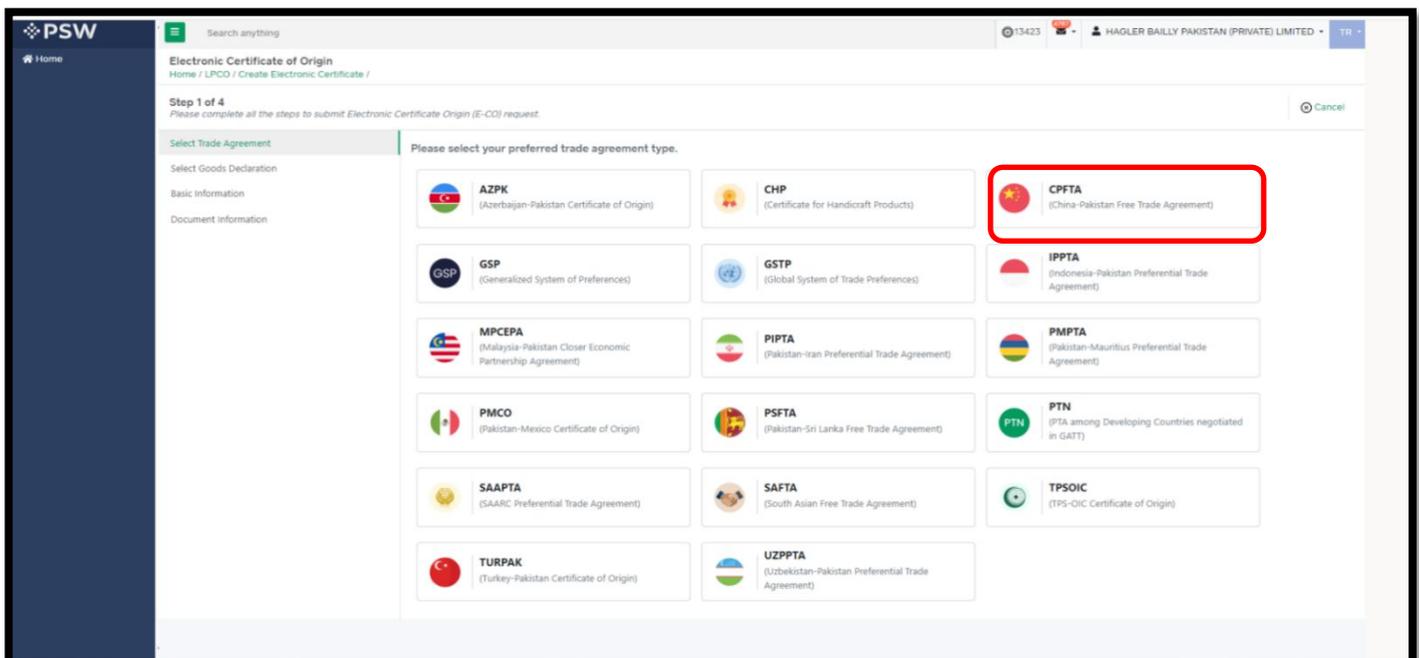

Figure 6

5.4 Select Declaration

- i. After selecting the preferred Certificate, the system shall require the trader to select a Goods/Single Declaration against which E-CO is being requested. Please click on 'Select Declaration' tab.

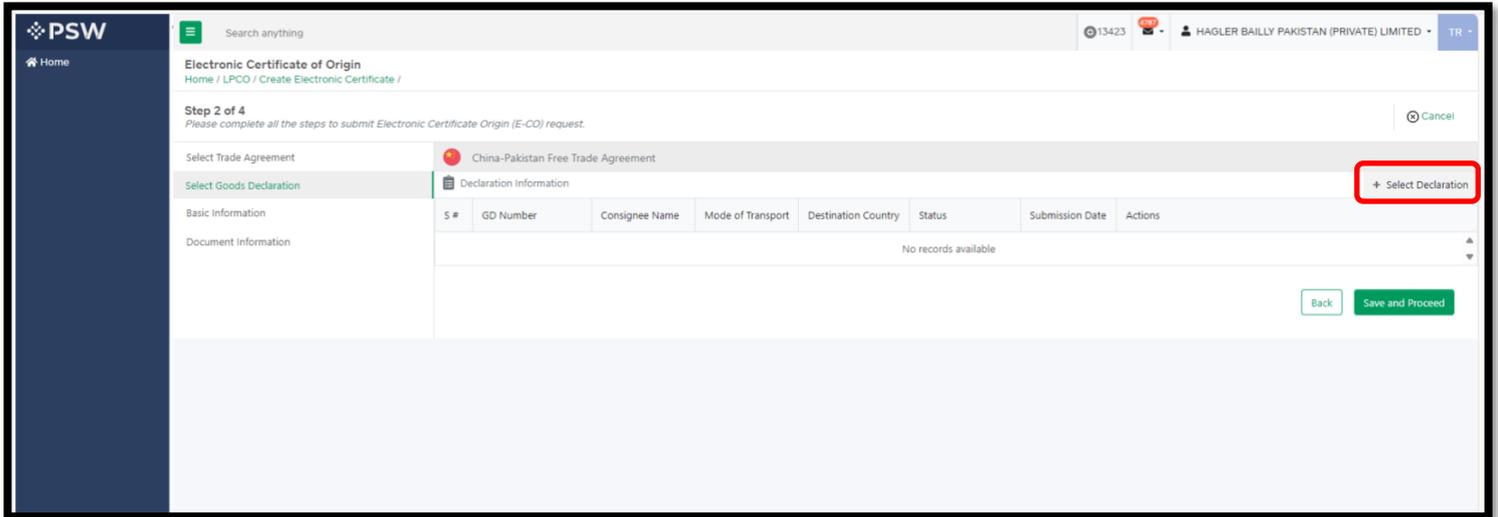

Figure 7

- ii. In the 'Select Declaration' tab, the trader will be required to select a goods declaration either through searching the 'consignee name' or by directly entering the complete GD number. Similarly, the trader shall also select mode of transport i.e. either by Sea, Air or land from drop down box.

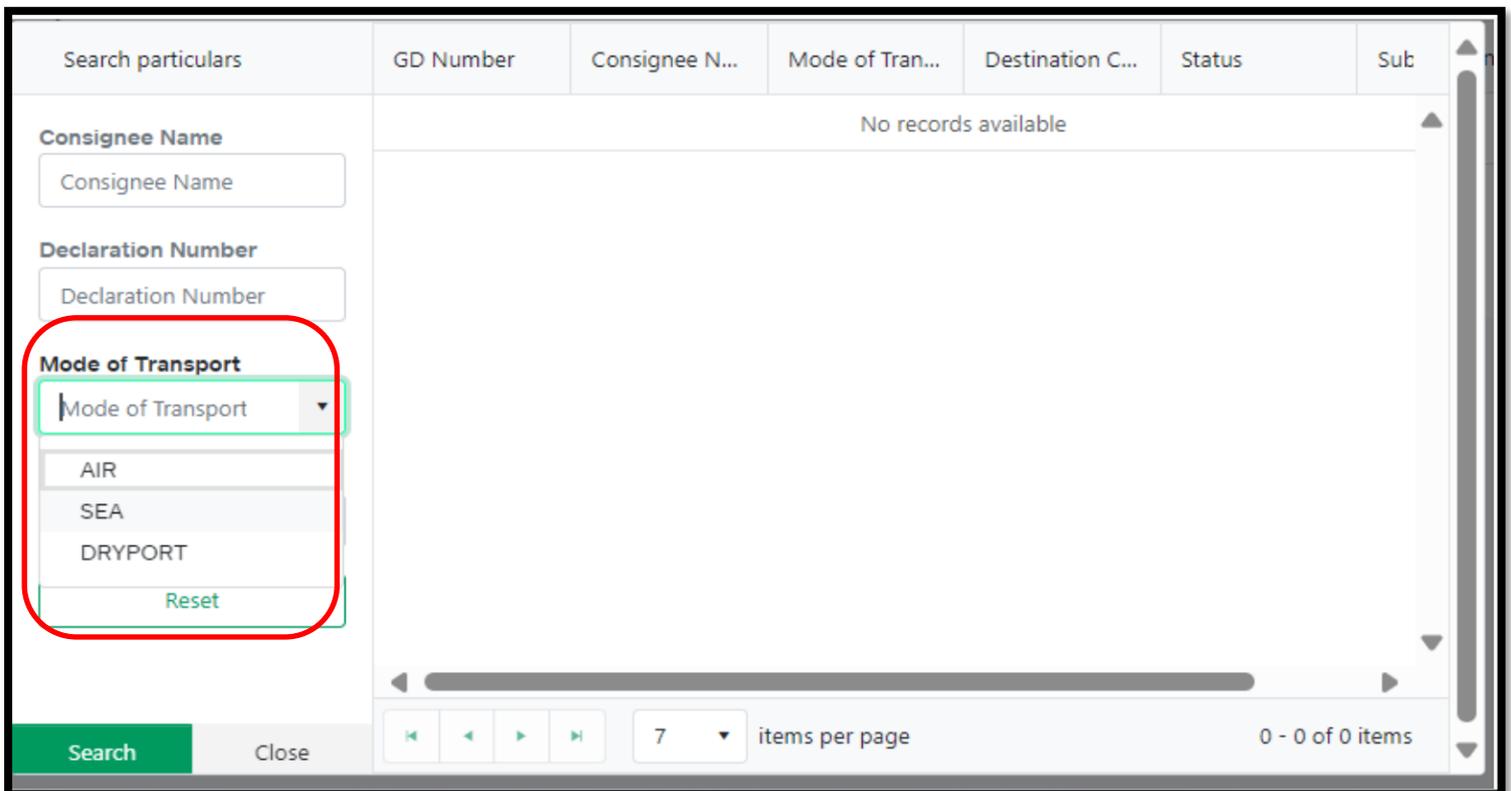

Figure 8

- iii. In this screen, since the trader has not entered a specific consignee name or GD number and has only selected mode of transport 'by sea', the system shall display all the GDs filed by the trader which were destined to China and were shipped by sea.

Note:

In this screen, the system shall only display the GDs/SDs which have attained the 'consignment shipped' status. The system allows trader to apply for a Certificate of Origin against multiple GDs provided that their consignee's name, destination country and mode of transport are the same.

The screenshot displays a search interface with the following elements:

- Search particular:** A header for the search filters.
- Filters:**
 - Consignee Name:** Input field with placeholder 'Consignee Name'.
 - Declaration Number:** Input field with placeholder 'Declaration Number'.
 - Mode of Transport:** Dropdown menu set to 'SEA'.
 - Destination Country:** Dropdown menu set to 'China'.
 - Reset:** A button to clear filters.
- Table:** A table with columns: GD Number, Consignee N..., Mode of Tran..., Destination C..., Status, and Sub. It contains one row: KPPE-SB-194-01-08-2023, JMETER - SHABBIR, SEA, China, Consignment Shipped, 01-0.
- Search Button:** A green button labeled 'Search'.
- Page Controls:** A 'Close' button, a pagination bar showing '1' of 1 items, and a dropdown for '7 items per page'.

Figure 9

5.5 Basic Information

- i. After associating desired GDs with the request, the trader will be prompted to the next screen. Here, the trader will fill in relevant fields. In the 'City' tab, the trader shall select the city from where the issuance of the E-CO is desired. The dropdown will display the cities where TDAP offices are present for the processing of requests.

Figure 15

- vii. After adding route information, the trader shall click on “Add Commodity” tab to add commodity details.

Figure 16

- viii. User will add Commodity details in required fields, then press save button. Selection of correct origin criterion is crucial to the approval of your request for E-CO by TDAP and its acceptance by the authorities of the destination country. For that, users shall click on the ‘View Overleaf Notes’ button to view the Overleaf Notes (previously shown on paper but now embedded in system for ease) and find their relevant Origin Criterion value, which then can be filled/selected in the Origin Criterion field.

Note:

The E-CO module is designed in a way that it accommodates as many items as possible on a single form. Therefore, traders are requested to enter the required details in as few letters/characters as possible.

Figure 17

- ix. By clicking on the 'Overleaf Notes' button, the Overleaf notes will be visible. The User shall carefully read it to select the correct Origin Criterion.

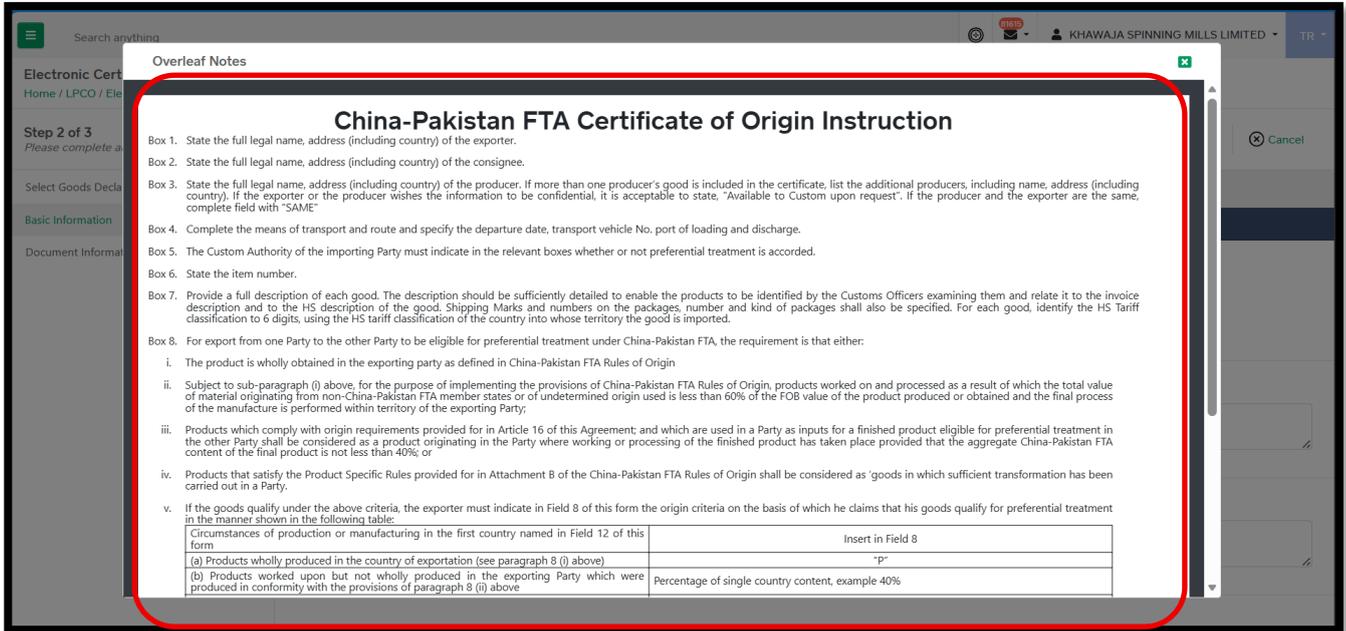

Figure 18

- x. Once saved, added details will appear under the Commodity Information grid.

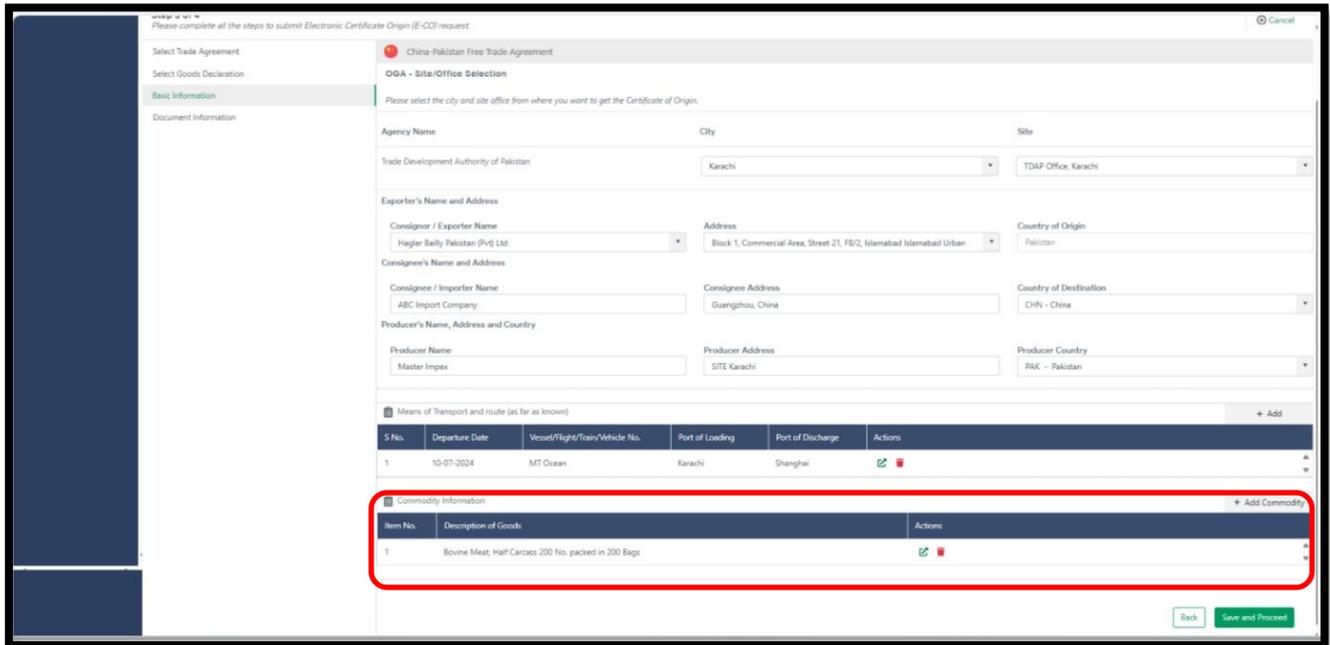

Figure 19

- xi. Once information is added, Trader shall be required to enter remarks. Please enter remarks and click on the save and proceed button.

Note:

Please note that the remarks entered by the trader shall appear on the Certificate of Origin, therefore, keep your remarks short and standardized.

Please complete all the steps to submit Electronic Certificate of Origin (E-CO) request.

Figure 23

5.8 Submission of E-CO Request

- i. After preview, the User will submit the request after which a confirmation pop-up will appear, User will select “Yes” to proceed further.

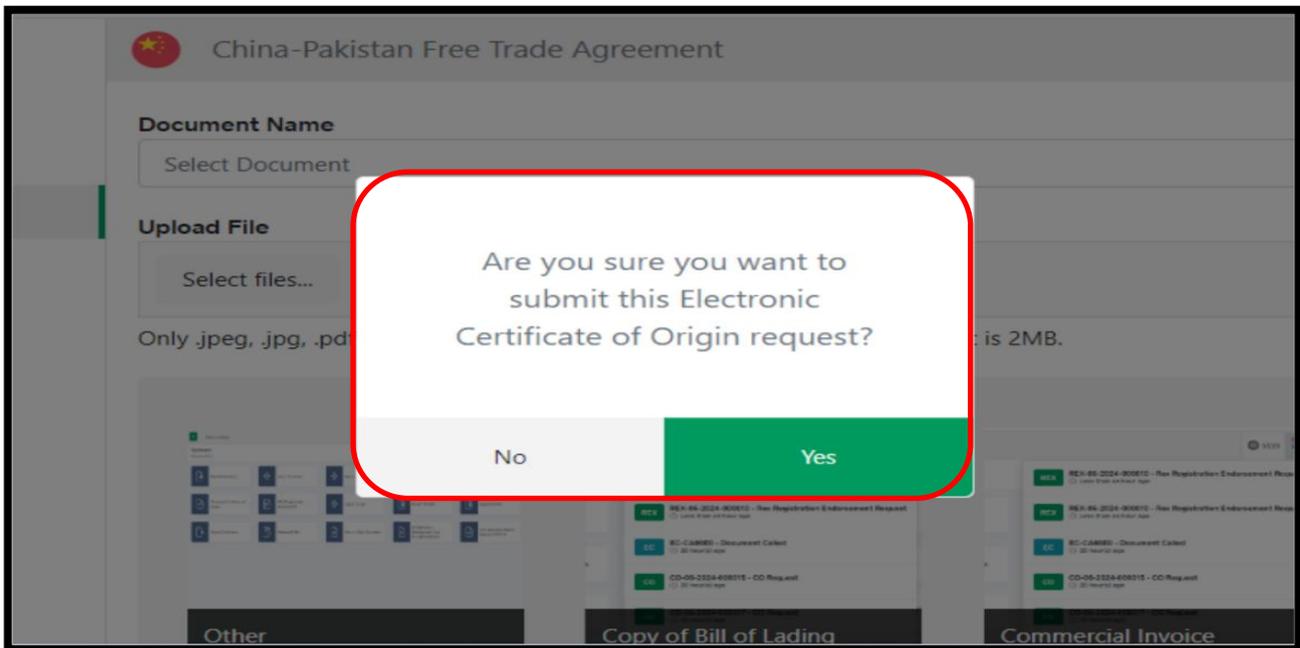

Figure 24

- ii. After confirming submission of request, a Payment Slip ID (PSID) will be generated. User shall make the payment through any alternate delivery channels (ADC) method like banks, mobile application or ATM etc.

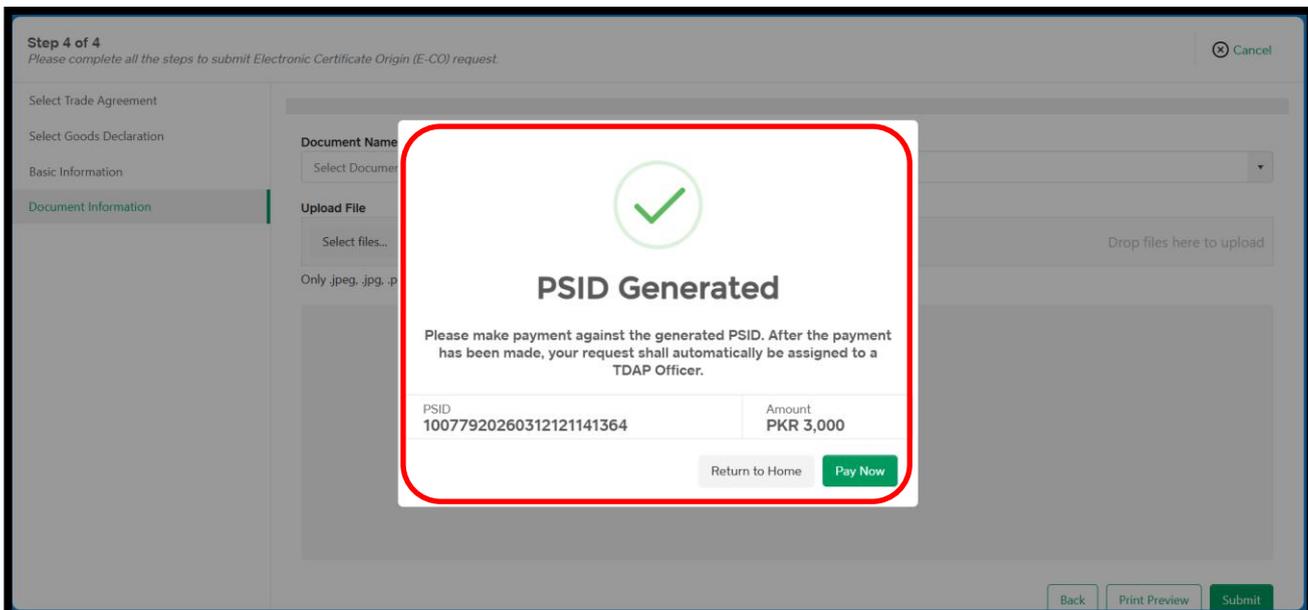

Figure 25

- iii. The status of the request shall appear as 'Payment Awaited' until the trader has made payment against the PSID.

The screenshot shows the PSW Electronic Certificate of Origin interface. The user is logged in as KHAWAJA SPINNING MILLS LIMITED. The page displays a search bar and navigation tabs for 'In Queue', 'Amendment Request(s)', and 'Indirect Consignment'. Below these is a table titled 'List of Electronic Certificate of Origin' with a search bar and a '+ Create New Request' button. The table contains one entry:

S No.	Request No.	Certificate No.	Trader Name	Destination C...	Agreement...	Submissio...	Approval...	Status	Actions
1	CO-03-2026-000403	N/A	M/S KHAWAJA SPINNING MILLS LTD,	China	CPFTA	12-03-2026	-	Payment Awaited	

Figure 26

- iv. After the payment, the request will be assigned a system generated request number and will reflect status as "Assigned to Officer" in your E-CO main menu. Similarly, 'Approved' status will appear against approved requests.

The screenshot shows the PSW Electronic Certificate of Origin interface for user HAGLER BAILLY PAKISTAN (PRIVATE) LIMITED. The page displays a search bar and navigation tabs for 'In Queue' and 'Amendment Request(s)'. Below these is a table titled 'List of Electronic Certificate of Origin' with a search bar and a '+ Create New Request' button. The table contains two entries:

S No.	Request No.	Certificate No.	Trader Name	Destination Count..:	Agreement Type :	Submission Da...	Approval Date	Status	Actions
1	CO-07-2024-000012	N/A	Hagler Bailly Pakistan (Pvt) Ltd	China	CPFTA	11-07-2024	-	Assigned to Officer	
2	CO-07-2024-000011	KHI-CPFTA-000011/07-2024	Hagler Bailly Pakistan (Pvt) Ltd	China	CPFTA	10-07-2024	11-07-2024	Approved	

Figure 27

- v. You can print an approved E-CO from the “Electronic Certificate of Origin” screen by clicking the document-icon for the respective E-CO under the column “Actions”. After printing the E-CO you must put your signature/seal in the box reserved for “Exporter’s Declaration”. Without trader’s signature/stamp the E-CO will be incomplete and likely to be rejected by customs in the importing country. Now you need to send the completed, signed and stamped E-CO as a paper document to your buyer, as was being done under the manual system for Certificate of Origin issuance.

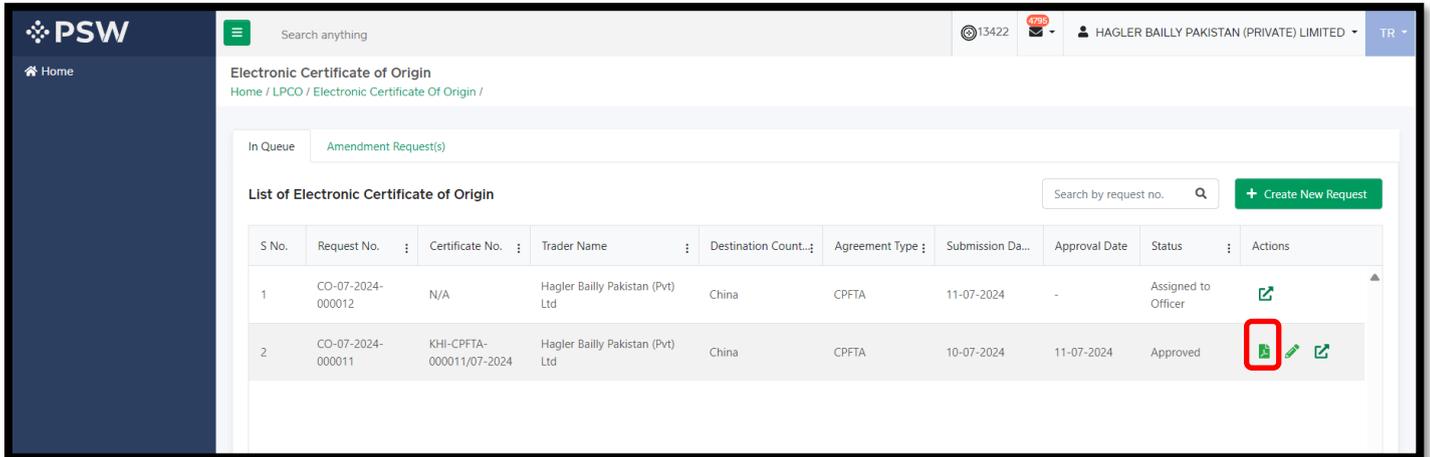

Figure 28

- vi. The red “PDF Instruction” button when clicked, contains printing instructions for the E-CO.

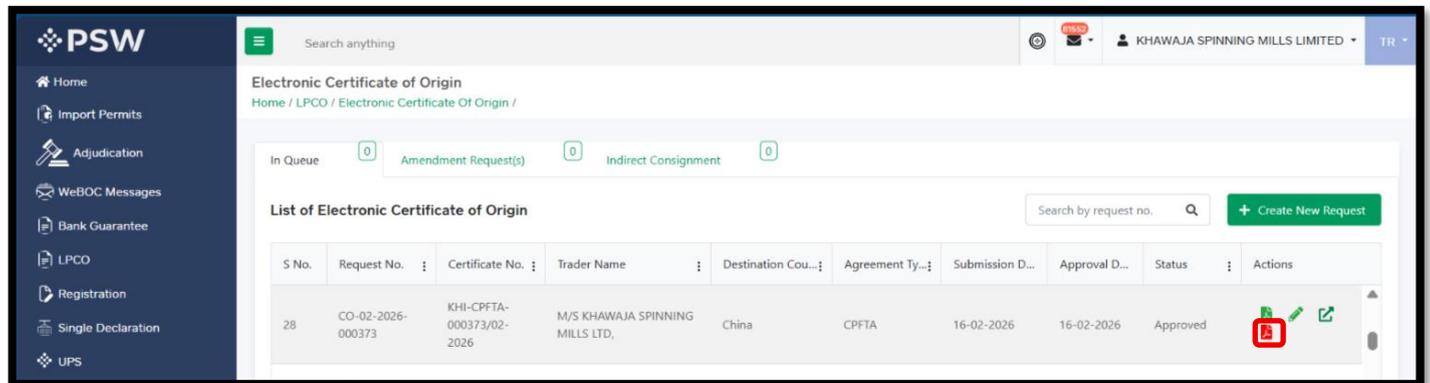

Figure 29

- vii. Users should make sure to click and view the printing instructions before printing any approved eCOs.

The screenshot displays the PSW (Pakistan Single Window) interface for the Electronic Certificate of Origin (eCO). The main content area shows a table titled "List of Electronic Certificate of Origin" with columns for S No., Request No., and various status fields. A modal window titled "Printing Instruction for the Electronic Certificate of Origin" is overlaid on the table, providing the following instructions:

1. Print the e-CO on A-4 size plain paper of good quality.
2. Please make sure that your printed e-CO contains "Overleaf Notes" on the back (or on the back of the last page, in the case of multi-page e-COs).
3. After printing the e-CO along with the Overleaf Notes, the exporter must sign and stamp the designated box at the bottom of the e-CO. Failure to comply will result in rejection of the e-CO by importing customs.

The modal window also features a "Close" button at the bottom.

S No.	Request No.	Status	Actions
1	CO-03-2026-000403	Payment Awaited	[Link] [Edit] [Delete]
2	CO-03-2026-000402	Draft	[Link] [Edit] [Delete]

Figure 30

6. Amendment in Electronic Certificate of Origin

The PSW E-CO module allows traders to amend certain fields of information in their approved requests for E-CO i.e. it enables amendments in certain fields after its issuance by the TDAP. For this purpose, traders shall be required to file an 'Amendment Request' electronically. Please go through the step-by-step instructions for filing an amendment request.

- i. Please visit "www.psw.gov.pk" and click on the 'Login' button.

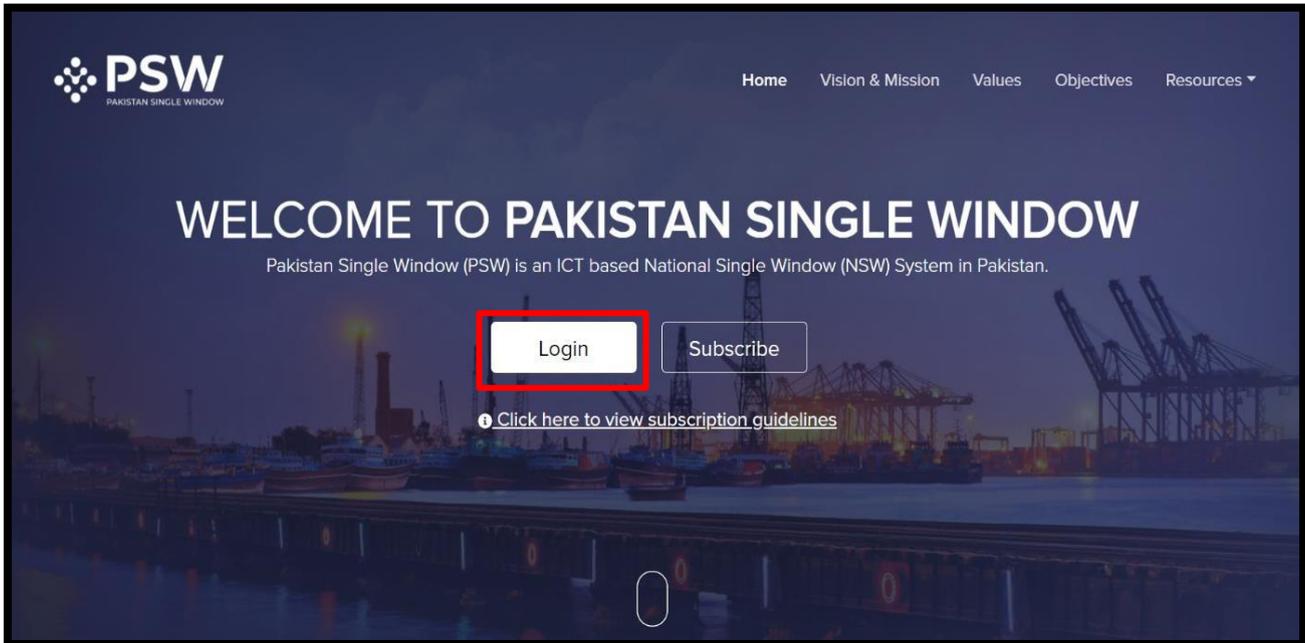

Figure 31

- ii. After clicking on the login button, User will be redirected to the login interface. Here, you will be required to enter login credentials.

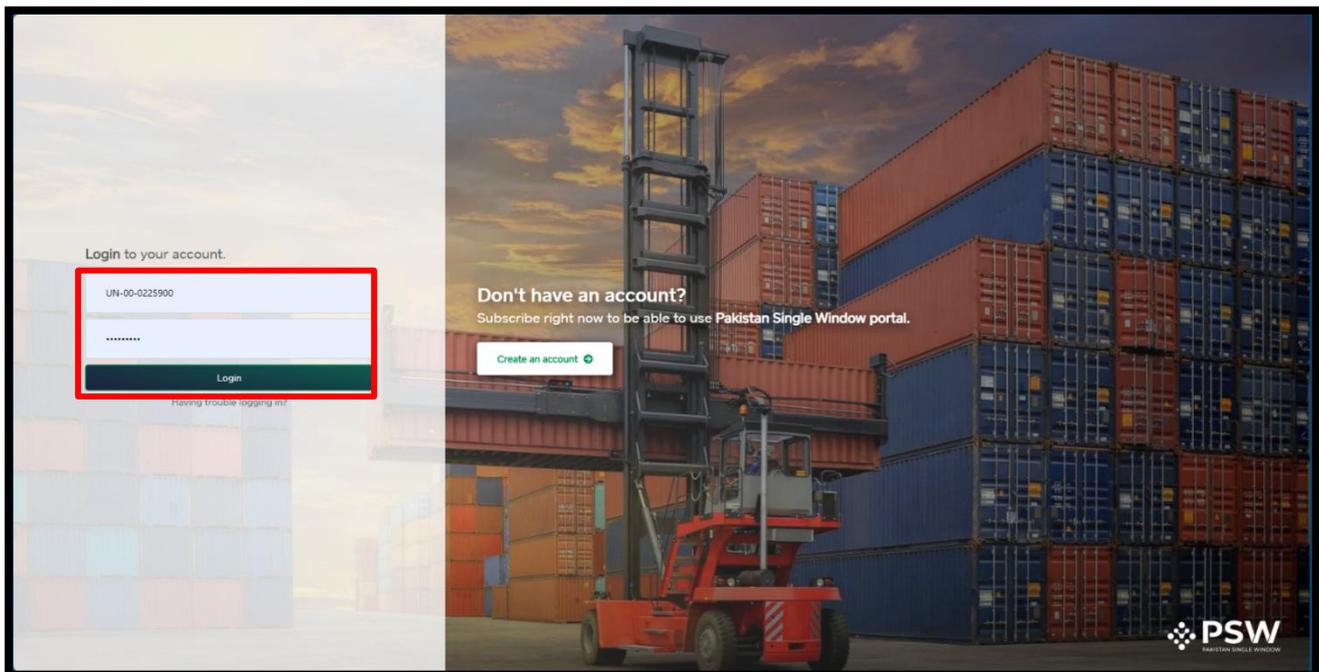

Figure 32

- iii. Upon successful log-in, a dashboard will appear. At the Home Screen, click on the 'LPCO' button.

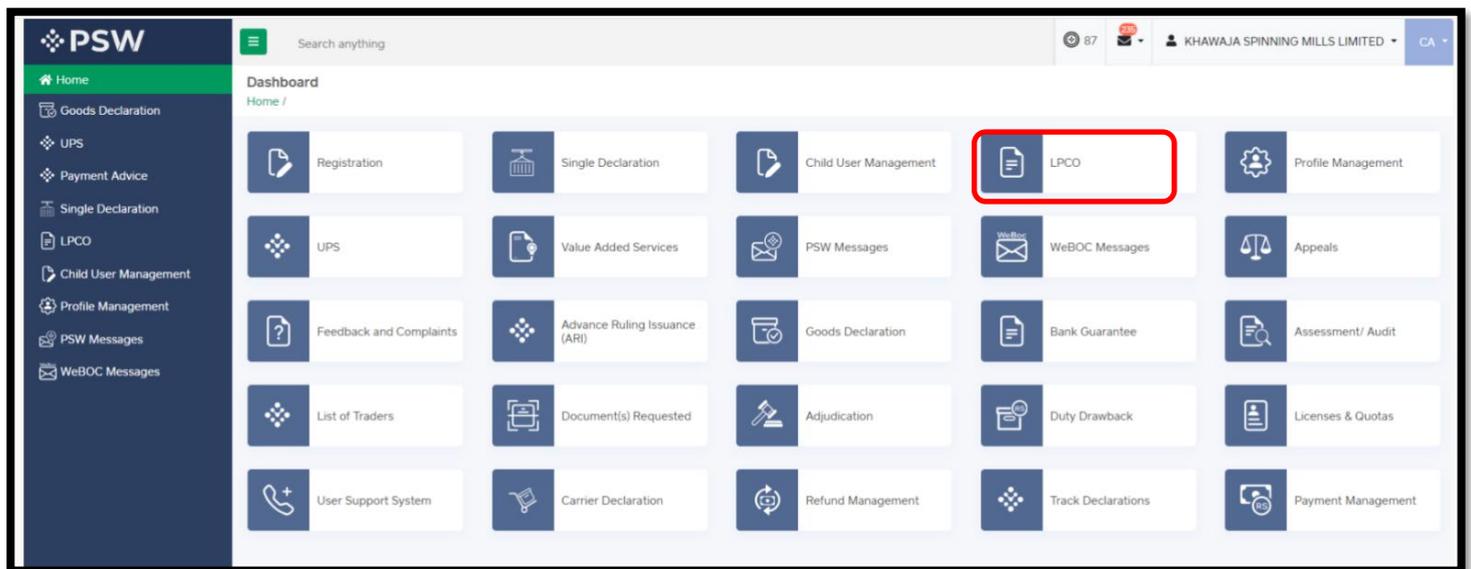

Figure 33

- iv. Under the LPCO grid, select "Electronic Certificate of Origin".

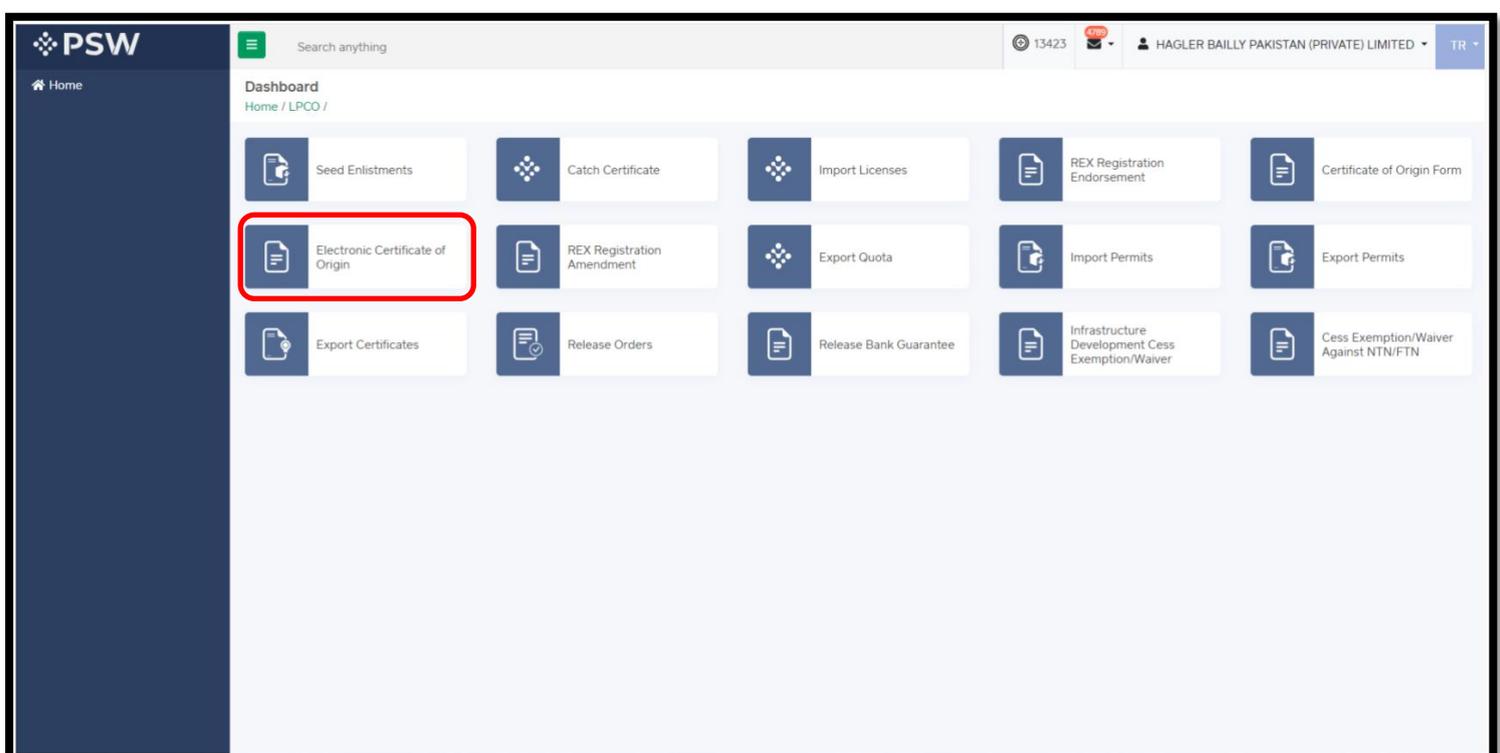

Figure 34

- v. The screen will display a list of Requests for E-CO filed by the trader.

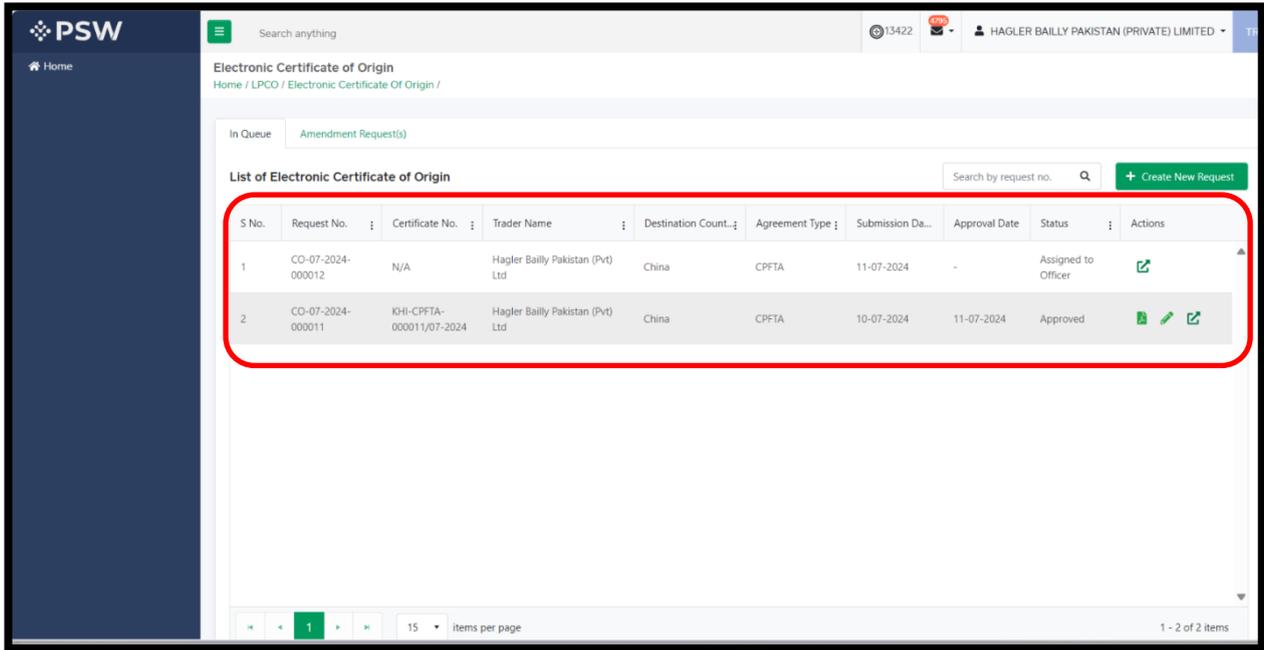

Figure 35

- vi. User shall click on the edit button under Actions tab against the E-CO selected for amendment. Please note that amendment is permitted by the system only after the approval of request by the TDAP. User can also search the E-CO for amendment by clicking the tab "Search by request no".

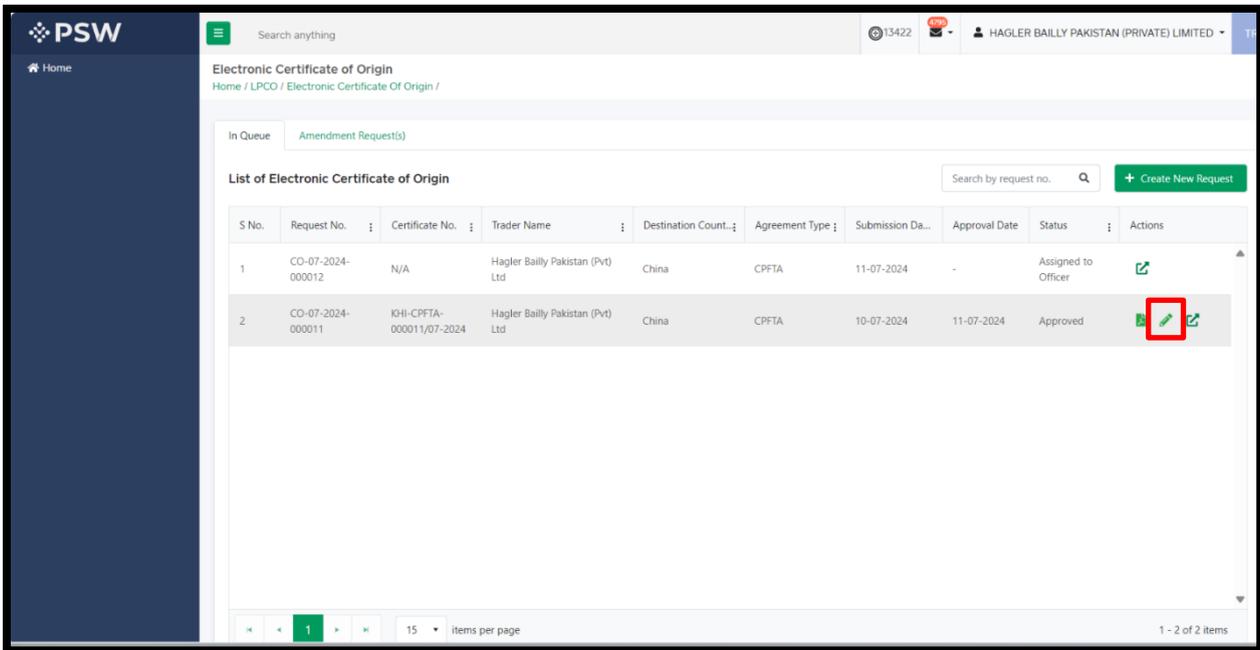

Figure 36

6.1 Amendment of Basic Information

- i. Clicking “Edit” against an E-CO will take the User to the “Select Goods Declaration” menu to enable any editing of the GD information for the selected E-CO.

7.5 Fee Summary

- i. The emerging screen will show the breakup as well as total amount of fees to be paid for purchase of selected forms, including the cost of courier, if opted. Click “Submit” to proceed with the payment of fees.

The screenshot shows the 'Certificate of Origin Form' creation process, Step 2 of 2. The 'Fee Summary' section is highlighted with a red box. It displays a table with the following data:

S No.	Item(s)	Quantity	Unit Price	Total
1	AZPK (Azerbaijan-Pakistan Certificate of Origin)	x1	PKR 1,000	PKR 1,000
2	CPFTA (China-Pakistan Free Trade Agreement)	x1	PKR 1,000	PKR 1,000
3	GSP (Generalized System of Preferences)	x1	PKR 1,000	PKR 1,000
4	GSTP (Global System of Trade Preferences)	x1	PKR 1,000	PKR 1,000
5	PIFTA (Pakistan-Iran Preferential Trade Agreement)	x1	PKR 1,000	PKR 1,000
6	SAFTA (South Asian Free Trade Agreement)	x1	PKR 1,000	PKR 1,000
7	TURPAK (Turkey-Pakistan Certificate of Origin)	x1	PKR 1,000	PKR 1,000
Sub Total:				PKR 7,000
Courier / Delivery Charges:				PKR 0
Grand Total:				PKR 7,000

The total amount to be paid is PKR 7,000, noted as 'Seven Thousand Rupees only'. The 'Submit' button is visible at the bottom right.

Figure 59

- ii. Once the amount is confirmed, the User shall click on the submit button to proceed further.

This screenshot is identical to Figure 59, showing the 'Certificate of Origin Form' creation process. The 'Submit' button at the bottom right is highlighted with a red box, indicating the next step in the process.

Figure 60

7.6 Payment Process

- i. A “Payment Awaited” banner will appear, displaying the total amount to be paid along with the PSID number against which the amount can be paid using banking channels. Click “Proceed” to move ahead.

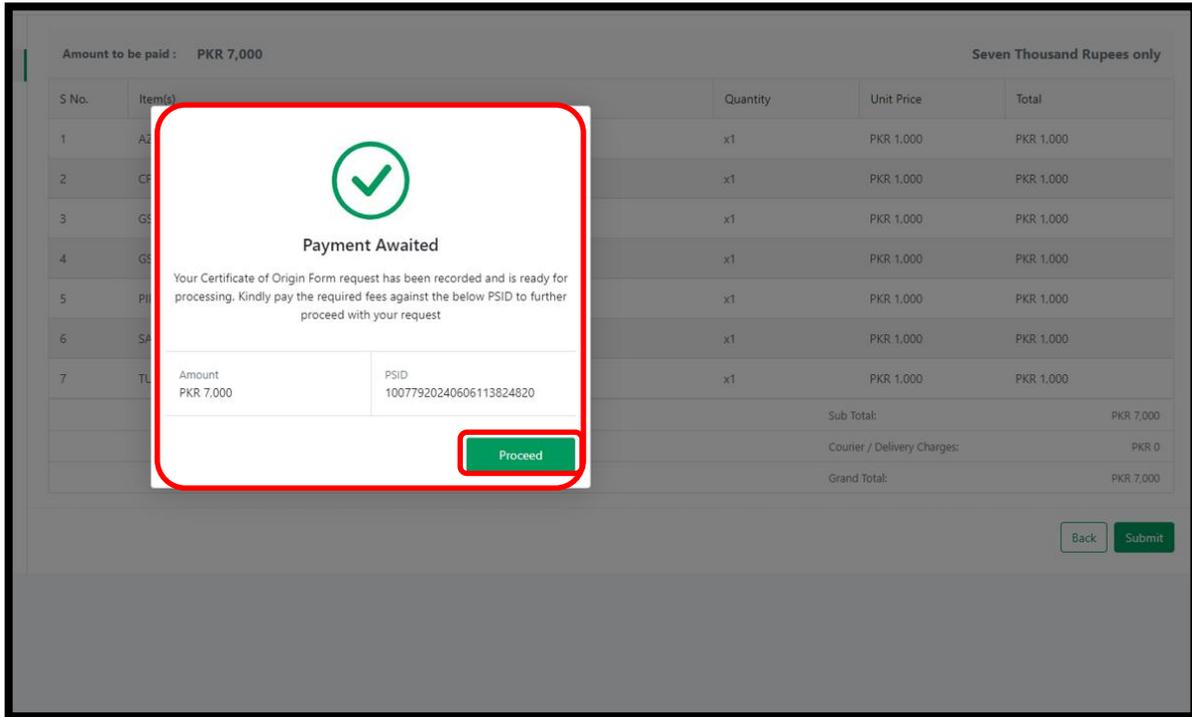

Figure 61

- ii. The next emerging screen will have two parts. On the left of the screen, the user will have a view of details of general information, while options for the mode of payment will be displayed on the right side. The user can choose to make payment through the Personal Deposit (PD) account, or through the Alternate Delivery Channels (ADC) account. The user will be able to make the payment online from his bank account using PSW’s linkages with the banks.

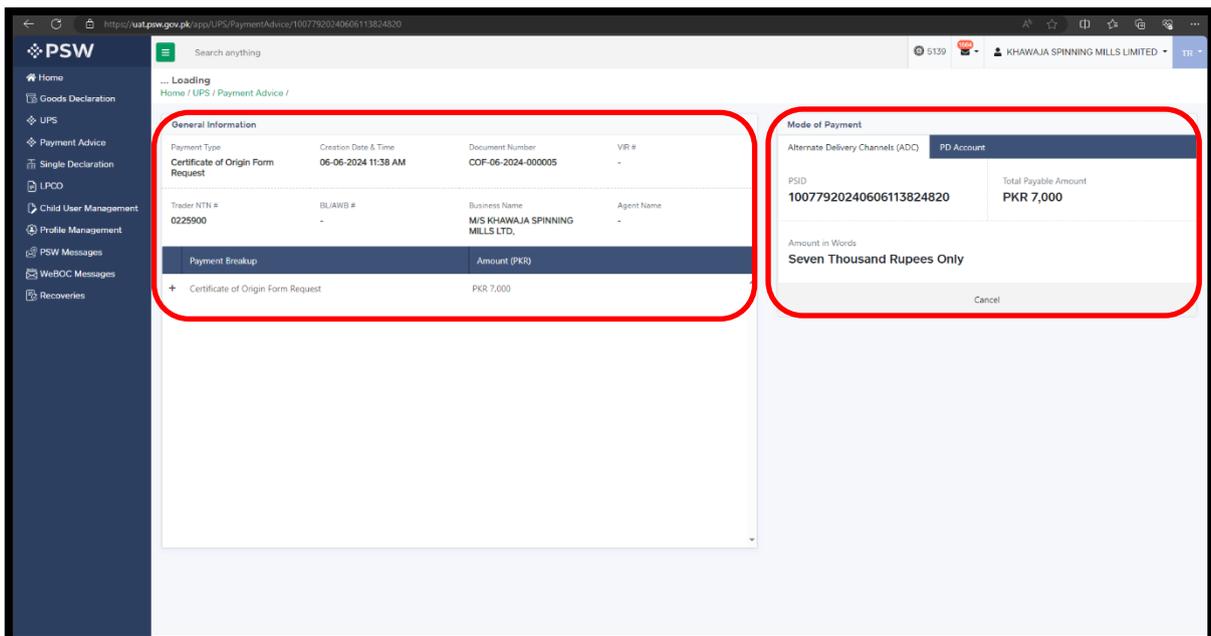

Figure 62

- iii. Once the payment has been processed, a screen will appear showing a summary of all the payment-related information pertaining to the transaction. The user can print the payment receipt by clicking on “Print Receipt” button.

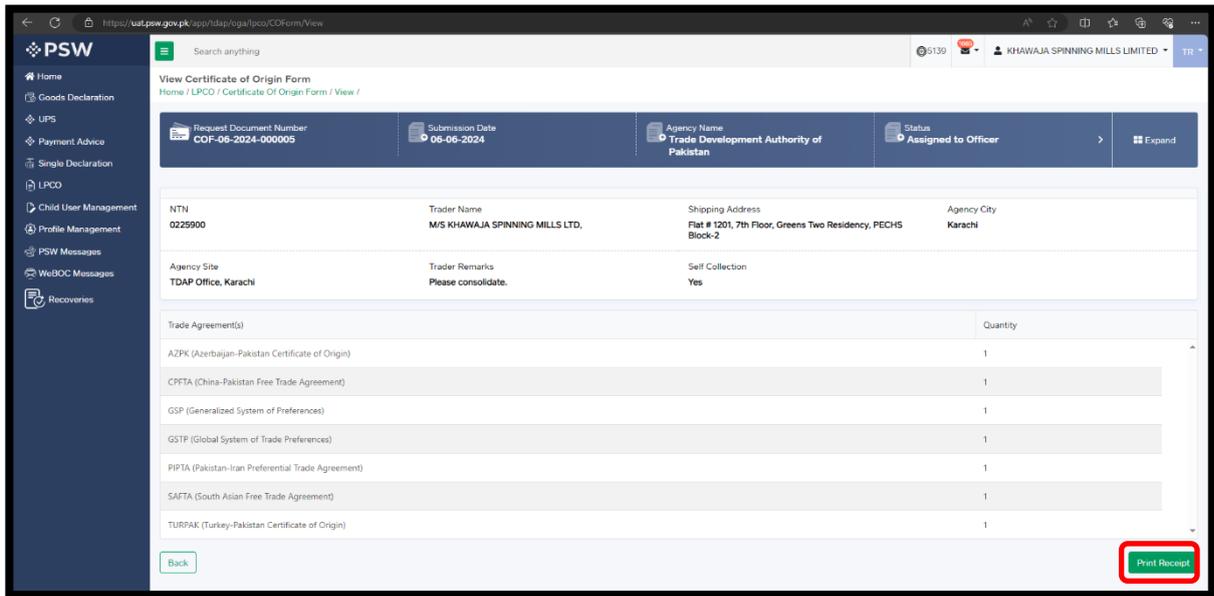

Figure 63

- iv. As soon as the fee payment has been made, the request for “Certificate of Origin Form” created online will land at the TDAP. If the user has opted for “Courier Delivery” the delivery of Forms will be made to his shipping address by the TDAP through courier. Alternatively, he will be required to have the Form collected from the chosen TDAP office against the “Payment Receipt” available with him.
