LPCOs processed

PSW continues to break barriers, celebrating a double milestone: 76,211 subscribers and over 314,630 LPCOs processed! These impressive figures illustrate the platform's growing popularity and impact on Pakistan's trade ecosystem. More businesses and government agencies (OGAs) are jumping on board, recognizing the power of PSW's streamlined import and export procedures. By reducing complexity and fostering transparency, PSW is becoming the go-to platform for trade in Pakistan.

Pakistan starts receiving digital plant health certificates for imports

پاکستان کو درآمدات کے لیے ڈیجیٹل پلانٹ ہیلتھ سرٹیفکیٹ ملنا شروع ہو گئے

PSW, in collaboration with the Department of Plant Protection and the Ministry of National Food Security & Research, has taken a major step forward by integrating with the E-Phyto Hub. This means traders importing plant-based goods and commodities can now ditch the old paper trail and utilize electronic phytosanitary certificates (e-Phyto) instead.

These digital documents verify the health status of plants and products, streamlining the entire import process. Reduced paperwork translates to less hassle for businesses, while enhanced transparency and security benefit everyone involved.

PSW introduces Russian language dedicated helpline to facilitate Central Asian trade

پی ایس ڈبلیو نے وسطی ایشیائی تجارت کو آسان بنانے کے لیے روسی زبان کے لیے وقف ہیلپ لائن متعارف کرائی

Pakistan Single Window (PSW) has recently introduced a helpline service in Russian language to assist international transit traders dealing with Central Asia. The helpline addresses the language barrier which has been causing difficulties for traders, particularly those from Uzbekistan and Tajikistan, who use Pakistani ports as transit routes for importing and exporting goods from Central Asia.

Streamlining Trade with Central Asia: PSW Offers Dedicated Russian Support

Оптимизация торговли с Центральной Азией: PSW предлагает специализированную поддержку на русском языке

Ensuring a seamless experience for our Central Asian trade community, PSW launched a Russian language facility in WebOC, which will provide unparalleled support in the Central Asian Countries. This upgrade sets a new standard of excellence in import and export transit.

Our two-part tutorial series provides a step-by-step process for translating WebOC from English to Russian and filing Accurate Declarations in Russian, leading to efficient cross-border trade and effective real-time business.

Обеспечивая бесперебойную работу нашего торгового сообщества в Центральной Азии, PSW запустила линию помощи на русском языке, доступную шесть дней в неделю с 9 утра до 17 вечера (пн-сб), которая обеспечит беспрецедентную поддержку на русском языке. Это значительное усовершенствование стратегии, ориентированной на клиента, и устанавливает новый стандарт качества в области импорта, экспорта и транзитной торговли

В нашей серии руководств, состоящей из двух частей, представлен пошаговый процесс перевода WebOC с английского на русский и подачи точных таможенных деклараций на русском языке, что ведет к эффективной трансграничной торговле и эффективному ведению бизнеса в режиме реального времени.

Simplifying Pharma Supply Chain: PSW Ensures Donated Medicines Reach Those in Need

فارما سپلائی چین میں آسانیاں: عطیہ کردہ ادویات کی درآمدات کا عمل ہموار

Pakistan's healthcare system receives a boost as PSW and DRAP collaborate to streamline the import of donated medicines. Under this new initiative, INGOs/ NGOs, and Government Departments/Programs involved in these imports are required to subscribe to mandatory PSW.

This is a significant development that aims to simplify the pharmaceutical supply chain, increase transparency and efficiency, and ultimately ensure the faster delivery of essential medications to those who need them the most.

PSW SUBSCRIPTION

Mandatory for all INGOs, NGOs, & Government Departments involved in the import of donated drugs

Streamline and enhance the efficiency of the import process of donated drugs in Pakistan
