

Message from the CEO

At the end of the final quarter of FY 2024-25, I want to take a moment to say thank you. Your dedication and hard work are what drive our mission forward—to make trade simpler, faster,

سی ای او کا پیغام

and more transparent for Pakistan. This year, we've made real progress together. We welcomed new government partners like the Aviation Wing of the Ministry of Defence and STZA to the PSW platform, making clearances smoother and faster for traders. We also launched the DRAP Clearance Gateway, one of our

most challenging projects yet, transforming how pharmaceutical products move across borders. And with Pakistan's First Digital Certificate of Pharmaceutical Product (COPP), we're helping exporters meet international standards with confidence. Our partnerships continue to grow. From working with Maqta Technologies to bring advanced tools into our trade systems, to teaming up with CARE Pakistan and Mastercard to support women-led businesses—we're making sure trade works for everyone.
