Aviation Wing, Ministry of Defence, to its digital trade facilitation platform. This integration enables a fully paperless

and private aircraft operators, easing the import of aviation equipment and related components. The initiative improves coordination between Customs, Civil Aviation Authorities, airlines, and freight forwarders, supporting faster processing, reduced compliance costs, and better clearance timelines. It also aligns with global standards, strengthening PSW's efforts to enhance efficiency and transparency in cross-border trade. Read More Pakistan's First Digital
